

# DISKOMAT N 3m - 3.5m Heavy Duty *LINKAGE* Speed Disc

The DISKOMAT N series is a serious 3PL machine designed for those looking for a strong, low maintenance machine that can handle anything from stubble breakdown and incorporation to pre-sowing preparation of the ground after ploughing in tough conditions.

- ◆ Working speed of 8 – 13kph / Transport max 25kph
- ◆ Working depth of 50 - 180mm
- ◆ Maintenance free, heavy-duty springs with 350kg down force pressure
- ◆ Simple mechanical adjustment of rear roller position
- ◆ Fitted standard with fixed clod board (Deflector) to aid with breaking up clods
- ◆ Maintenance free Double Taper bearings in the disc hubs
- ◆ Frames made with eXtra STEEL line technology for maximum strength
- ◆ Multiple options for different rear rollers to suit your soil types
