

The Serafin Eco Speed Disc is turning the speed disc market on its head. Gone are the days that a machine like this costs an arm and a leg. With its clever yet simple design, maintenance free disc hub bearings and a robust frame, it excels at soil preparation prior to sowing, light tillage and stubble management. The Eco Speed Disc boosts productivity and ensures a level finish with consistent results. It has user-friendly and versatile features that make it essential for any farm. For a high performing, easy-to-use, and cost-effective solution, choose the Serafin Eco Speed Disc range.
